

Letter from Glenn H. Curtiss to S. T. Cameron, October 31, 1913

Glenn H. Curtiss Hammondsport, N.Y. 86.93 Hammondsport, N. Y., Oct. 31/13 Mr. S. T. Cameron, Washington, D. C. Dear Mr. Cameron:—

Upon my return to Hammondsport I find your letter of the 24th, and have asked Mr. Newell to send you the documents required.

Some time ago it occurred to me that my interest in the A. E. A. patents became the property of the Herring-Curtiss Company when that company was organized according to a contract I had with them, so that I have no title to or interest in this application. I remember paying some assessments for legal expenses in the case, and now have your bill for a balance due. The question arises can I be expected to pay these bills when I have no legal interest in the matter.

Kindly give me your opinion. I find other documents here relative to an interference. I will execute these and return them at once.

Very truly yours, GHCurtiss GHC:M
